

## Environmental Policy

**AWECO GROUP** regards environment conservation as one of our management priorities, and is committed to reducing any negative environmental effects that might arise in the course of our business activities. We are also committed to providing environmentally friendly products, promoting environment conservation and pollution control, and contributing to the creation of a society where people and nature happily coexist.

**AWECO GROUP** undertakes to manage the environmental impact of their operations in line with legal requirements, ISO 14001 standard requirements and other requirements. We aim at continuous improvement in environmental protection and OH&S, at preventing environmental pollution and accidents at work.

**In the scope of environmental protection and OH&S  
AWECO GROUP commit to:**

- Manage the existing and new processes considering the environmental aspects, legal requirements and other human health and life hazards,
- Improve the management of waste as well as chemical substances and preparations,
- Identifying major environmental impact and major occupational risk to be able to set adequate improvement objectives,
- Increase our employees' awareness of their impact on environment and occupational risk,
- Improve emergency response system,

**Each employee is committed to contribute to completion of plant environmental protection and OH&S objectives.**
